College of the Marshall Islands COURSE OUTLINE

CIP No. <u>51.1601</u>

NURS 235 Alpha Number Family Health Nursing I
Course Title

Course Description

Focuses on family-centered care of the pregnant woman from conception to delivery and the care of the child from neonate to adolescent. Includes the care of the high-risk mothers, infants and children. Emphasizes the role of Micronesian culture in family health and its impact on nursing. Reviews growth and developmental theories as a basis for care during health and illness.
