The Liberal Arts Program strengthens the foundation of students' learning for transfer to higher studies and other educational prospects. It trains students to think critically and learn the foundation of historical theories and issues in Micronesia, the Pacific and in the world, the principles of ethics, philosophy, psychology, sociology, geography and the English classes. The Program trains its students to research

and advocate for issues pertaining to the region and training them to both serve the Marshall Islands, the wider Micronesia or outside the Pacific, as educated and responsible citizens.

Connection to Department Mission:

The mission of the Liberal Arts Program is to prepare students for transfer and other future educational opportunities, through civic awareness, critical thinking and problem solving, information analysis and communication, and artistic expression.

The Liberal Arts Department, through the faculty, using current and effective teaching pedagogy, work closely with students to build their knowledge, awareness and critical thinking skills to better understand the world they live in, especially of their communities. Students also learn to improve their skills to clearly and confidently convey this knowledge, whether oral or written and supported by research, to their audience to bring about positive changes in a society.
